

The New Hampshire Maple Producers Association invites the students of Bow Elementary school to attend our annual Tree Tapping ceremony. Governor Hassan has been gracious enough to join us for the last three years and she has agreed to participate in the 2016 maple season "kick off" ceremony for the state. A new location from around our state is chosen each year, showcasing the diversity of our sugar makers as well as demonstrating the members' commitment to our very longstanding history of sugar making in New Hampshire. For this year, the ceremony will be held at Treat's Sugarhouse in Bow. Bruce Treat is a meticulous sugar maker who exemplifies the standards of maple producers who seek to create the highest quality of New Hampshire maple syrup.

The ceremony to happen on Monday, March 7th at 3pm. The event is the kick off to our Maple Month which runs from March 12th - April 3rd, with the highlight being our 21st Annual Maple Weekend on March 19-20th. This longstanding tree tapping event has been a fun and lighthearted "start" to our maple season for many years. We would be honored to have your student attend this event to help the Governor to tap the tree. The ceremony will be occurring after school and students, parents and family are invited to join in the fun.

Directions from Bow Center Road: (about 6 minutes)

Head south on Bow Center Rd toward Bow Bog Rd

Continue on to Woodhill Road

Turn right at Golden View Drive

Continue onto Dunbarton Center Road

Turn right onto Brown Hill Road

Turn left onto Putney Road
